

OYC awarded Jan Steves \$200 to pilot her “Living My Dream” program for grade schoolers.

Jan weaves her love for kids, animals, and outdoor adventure into a riveting chronicle about her improbable journey to qualify for the Iditarod Sled Race. Her vivid slides and insider stories are both entertaining and inspirational. While captivating the audience with the opportunity to meet one of her favorite sled dogs, she invites us to achieve our wildest dreams by believing in ourselves and chasing our passions.

Jan has mentored youth for over 30 years as a ski instructor for the Fiorini Ski School, with the Mountaineers, tutoring at-risk-kids from the Edmonds School District, and running “Kids on Wheels” summer day camp as well as a Summer Science Camp for the Pacific Science Center.
